

Mutual prayer :)

Would you like to ask people to pray for some intentions? Now you have such opportunity. Add this request to the list below. Next, if you want, choose one or more of the previous positions to pray for. You can choose what form of prayer it will be. Then, put a tally mark next to each chosen intention and pass the sheet to another person :)

If you want to encourage people to prayer more quickly, give away one or two new sheets. For start, write on each of them two intentions: one yours and one chosen from these.
